Dr. Ali Alhatem

Lecturer

Al-Baath University

Damascus - Aleppo Highway

Homs, Syria

To: Széchenyi István University

I write this letter in support of Mr. Ayham's application for the Stipendium Hungaricum scholarship. I had the pleasure of teaching Ayham and his classmates several modules at Al-Baath university, informatic engineering college. those modules include "Operating systems 1", "wireless networks" and "parallel programming" .

I have always found that Mr. Ayham has a great understanding to what I explain, and flexibility to apply it in a practical way, as he was trying to solve the technical problems that confront him before returning to me. This type of student makes the lessons go easier.

He also has the spirit of cooperation and teamwork, and that has appeared well when forming groups in the lessons and giving them tasks to implement together.

Accordingly, I strongly recommend Mr. Ayham to this Stipendium Hungaricum scholarship. I am sure that Mr. Ayham is going to continue to do great and creative things in his future.

Please contact me with any questions at [alialhatem@gmail.com](mailto:alialhatem@gmail.com) or +963994835213 and let me know if I can provide any additional information in support of this deserving student.

Sincerely,

Dr. Ali Alhatem

The Dean, Faculty of Computer Engineering

Prof. Dr. Naser Abo Saleh
